** NOTE: Storage charges commence at 23.59 on the day following status 1 being set. Imports consignments cleared and delivered in split lot upon request, or received as a manifested part shipment, storage charges applied to each part with the appropriate minimum applied. Status 1 will be calculated on the original MAWB status 1 date and not an amended date as a result of HAWB being created after the original MAWB record. No amendment shall be made to storage charges where are delays in collection and clearance caused by parties outside the control of ASC, including detained or shipment under investigation. For shipments that require BI to the agents ERTS facility the status 1 date will always be the date used to calculate storage. ** Charges will be calculated on the chargeable weight applicable to each Airwaybill (master and house) and are minimum charges which may be increased if additional work or expense is involved. The following charges apply to each Airwaybill master or HAWB or in instances where consignments are split for entry purposes. Import shipments may be check weighed or volume checked in the event of any discrepancies being found

Any special handling required will be priced on request

ALL CHARGES PUBLISHED ARE SUBJECT TO ALTERATION WITHOUT NOTICE

All Business is transacted subject to the current edition of BIFA's Standard Trading Conditions of which copies are available upon request
